Written Testimony

Chair & Members of Council Hearing Re: Bill #13 Subject: Request for Funding of Front End Loaders (FEL) for trash pickup and handling. This testimony is in support of funding to assure continuation of the Repair & Maintenance as well as operational requirements for trash pick-up and loading by FEL equipment for condominiums presently served by the C & C Dept. of Environmental Services. Further, the lack of funding provided for basic R & M, and/or replacement purposes may be considered a dereliction of duty by the cognizant department of the administration, as well as the oversight funding & policy body of the C & C of Honolulu. Finally, in light of a recent decision in favor of granting a permanent injunction to the UPW, there could be a further evasion of responsibility, including violation of a Court Order! Thank you for your attention to this important matter! Dante Carpenter President, Country Club Village Phase 2, AOA (469 units) Salt Lake, HI 96818
